

CAPABILITY STATEMENT

Company Profile

SLK Global - part of SLK Group is an Australian-owned engineering and procurement firm headquartered in Motor City, Dubai, UAE with local presence in Iraq. We specialize in the supply of high-quality industrial equipment and engineering solutions for the oil and gas sector. Our team brings over a decade of experience, successfully executing 850+ orders in last two years, catering to both end customers and EPC contractors. We are committed to partnering up with local Iraqi contractors to offer complete EPC solutions to our end customers

Competencies

Procurement Excellence

Global supplier network ensuring timely and cost-effective sourcing of industrial equipment

Engineering Expertise

In house technical team to ensure detailed review and compliance with customer specifications

End-to-End Solutions

From supplier identification to delivery and post-sales support

Strong Local Presence

Office in Basra, Iraq with global presence in USA, UAE, Qatar, Poland, Romania and Singapore

Core Offerings

Technology Solution

Engineered Package Solutions

Engineering Consultancy

In-House Drilling Solutions

Procurement

- Mechanical pumps and valves
- Electrical and Instrumentation (E&I) equipment
- Pipes and fittings
- Electrical, mechanical and instrumentation bulks
- MRO spares

Logistic Support

- Import clearance
- Local warehousing
- Last-mile delivery

Technology Solution

SLK Global has partnered with MPS Global, USA to offer Connexus- High performance Mechanical Interference Fit (MIF), a superior alternative to conventional welding of carbon steel for gas and liquid conveying cross country pipelines saving installation time and money without compromising strength of pipe joints.

Engineering Consultancy

SLK Global has partnered with engineering consultant SATCON with expertise in design, engineering and consulting for your next substations (up to 765 kV), overhead transmission lines (up to 400 kV), power distribution HV/MV/LV and automation projects. Tender preparation, technical support and vendor selection services can also be offered.

In-House Drilling Solutions

Petra Energy, USA part of SLK Group designs and manufactures high-performance drilling tools - hole straighteners, non-rotating stabilizer, string stabilizer, bumper sub/drilling jar, bumper safety joints and mechanical shock sub to enhance drilling efficiency and operational reliability.

Engineered Package Solutions

SLK Global partners with industry-leading manufacturers to supply high-quality equipment and solutions.

Industrial UPS Systems	AC/DC power supplies, DC-DC converters and battery monitoring systems	
Ultrasonic Flare Meters	Advanced gas flow measurement solutions	
LT/HT Switchgears and DBs	Customized panels to customer specifications- up to 33 kV with type tests and as per IEC standards	
Telecom ELV Systems	Telecom system integrator (TSI) services with CCTV, PAGA, mobile communication and secure access solutions	
Fire & Gas Detection Systems	FACP, F&G panels and devices with UL/FM and SIL2 rating	
Sampling Systems	Customized samplings panels with HYLOK/SWAGelok fittings and NACE certified sampling bombs	
Cathodic Protection Systems	Engineering system design and supply of CP systems for tanks and pipelines, onshore and offshore	

Our Current Clients in Iraq

Why Choose SLK Global?

- ✓ **Proven Track Record**
850+ successful orders executed within two years.
- ✓ **Global Supplier Network**
Direct sourcing from premium manufacturers.
- ✓ **Local Expertise**
10+ years in Iraq's oil and gas industry.
- ✓ **Regulatory Compliance**
Meeting international quality standards.
- ✓ **Customer-Centric Approach**
Personalized service with a dedicated engineering team.

Global Presence

- **Headquarters:** Dubai, UAE
- **Engineering Hub:** India
- **Regional Offices:** USA, Qatar, Iraq, Poland, Romania, Singapore
